OUR SERVICES

SHAD Global is providing a variety of services that meets the need of our client. We have the experience of the following services:

- Technical Support
- Project Support
- Plant Maintenance
- Plant Maintenance & Turnaround
- Power & Automation
- Electrical & Instrumentation
- Mechanical & Fabrication
- Manpower Supply

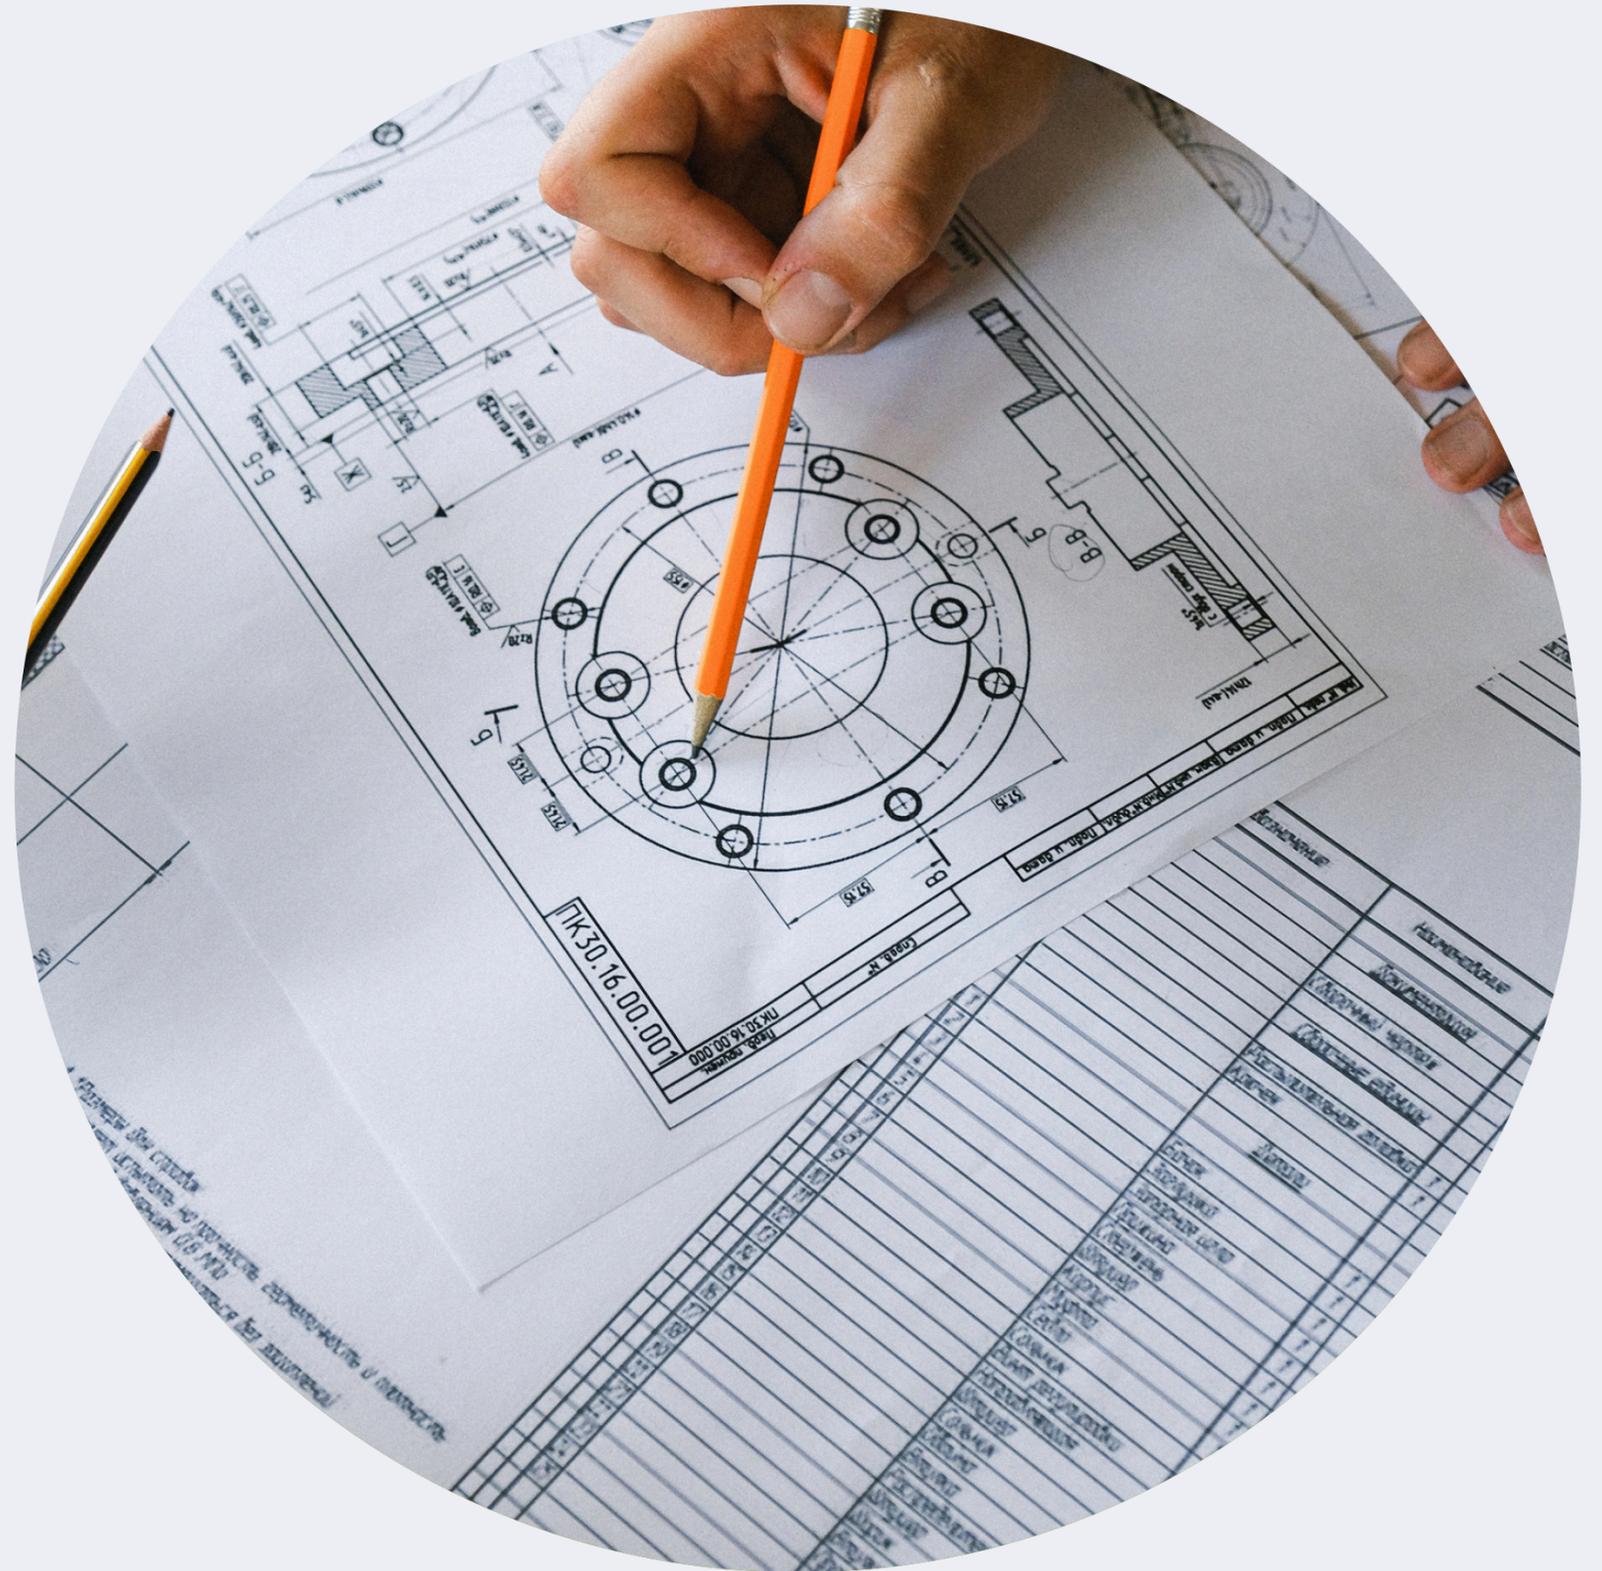

We are capable to provide a tailored services that satisfied customer requirements.

TECHNICAL SUPPORT

We are providing a technical support by capitalizing on our expert skilled manpower through innovative ideas and solutions to help our clients overcome chronic issues, implement cost optimization and evaluate the current design capability.

- Power & Generation
- Compressor & Pumps
- Control & Automation
- Electrical & Instrumentation
- Process & Operation
- IT & Networking

PROJECT SUPPORT

We provide stand-alone and fully integrated project services. We incorporate our world-class knowledge, skill, passion and operational expertise in those areas.

- Project Controls
- Engineering
- Procurement
- Construction
- Commissioning
- Consultation

PLANT MAINTENANCE & TURNAROUND

We are committed to provide high quality plant services with our competent skilled employees with complying to the EHSS. Our key success factor is the adequate response to meet our client plant maintenance requirement.

- Static Equipment
- Electrical Equipment
- Rotating Equipment
- Instrumentation Equipment
- Lifting and rigging
- Rental Services
- Overhauling
- Flange Integrity
- Bolt Torquing & Machining
- Catalyst Handling & Reactor
- Chemical Cleaning
- Industrial Vacuuming
- Heat Exchangers

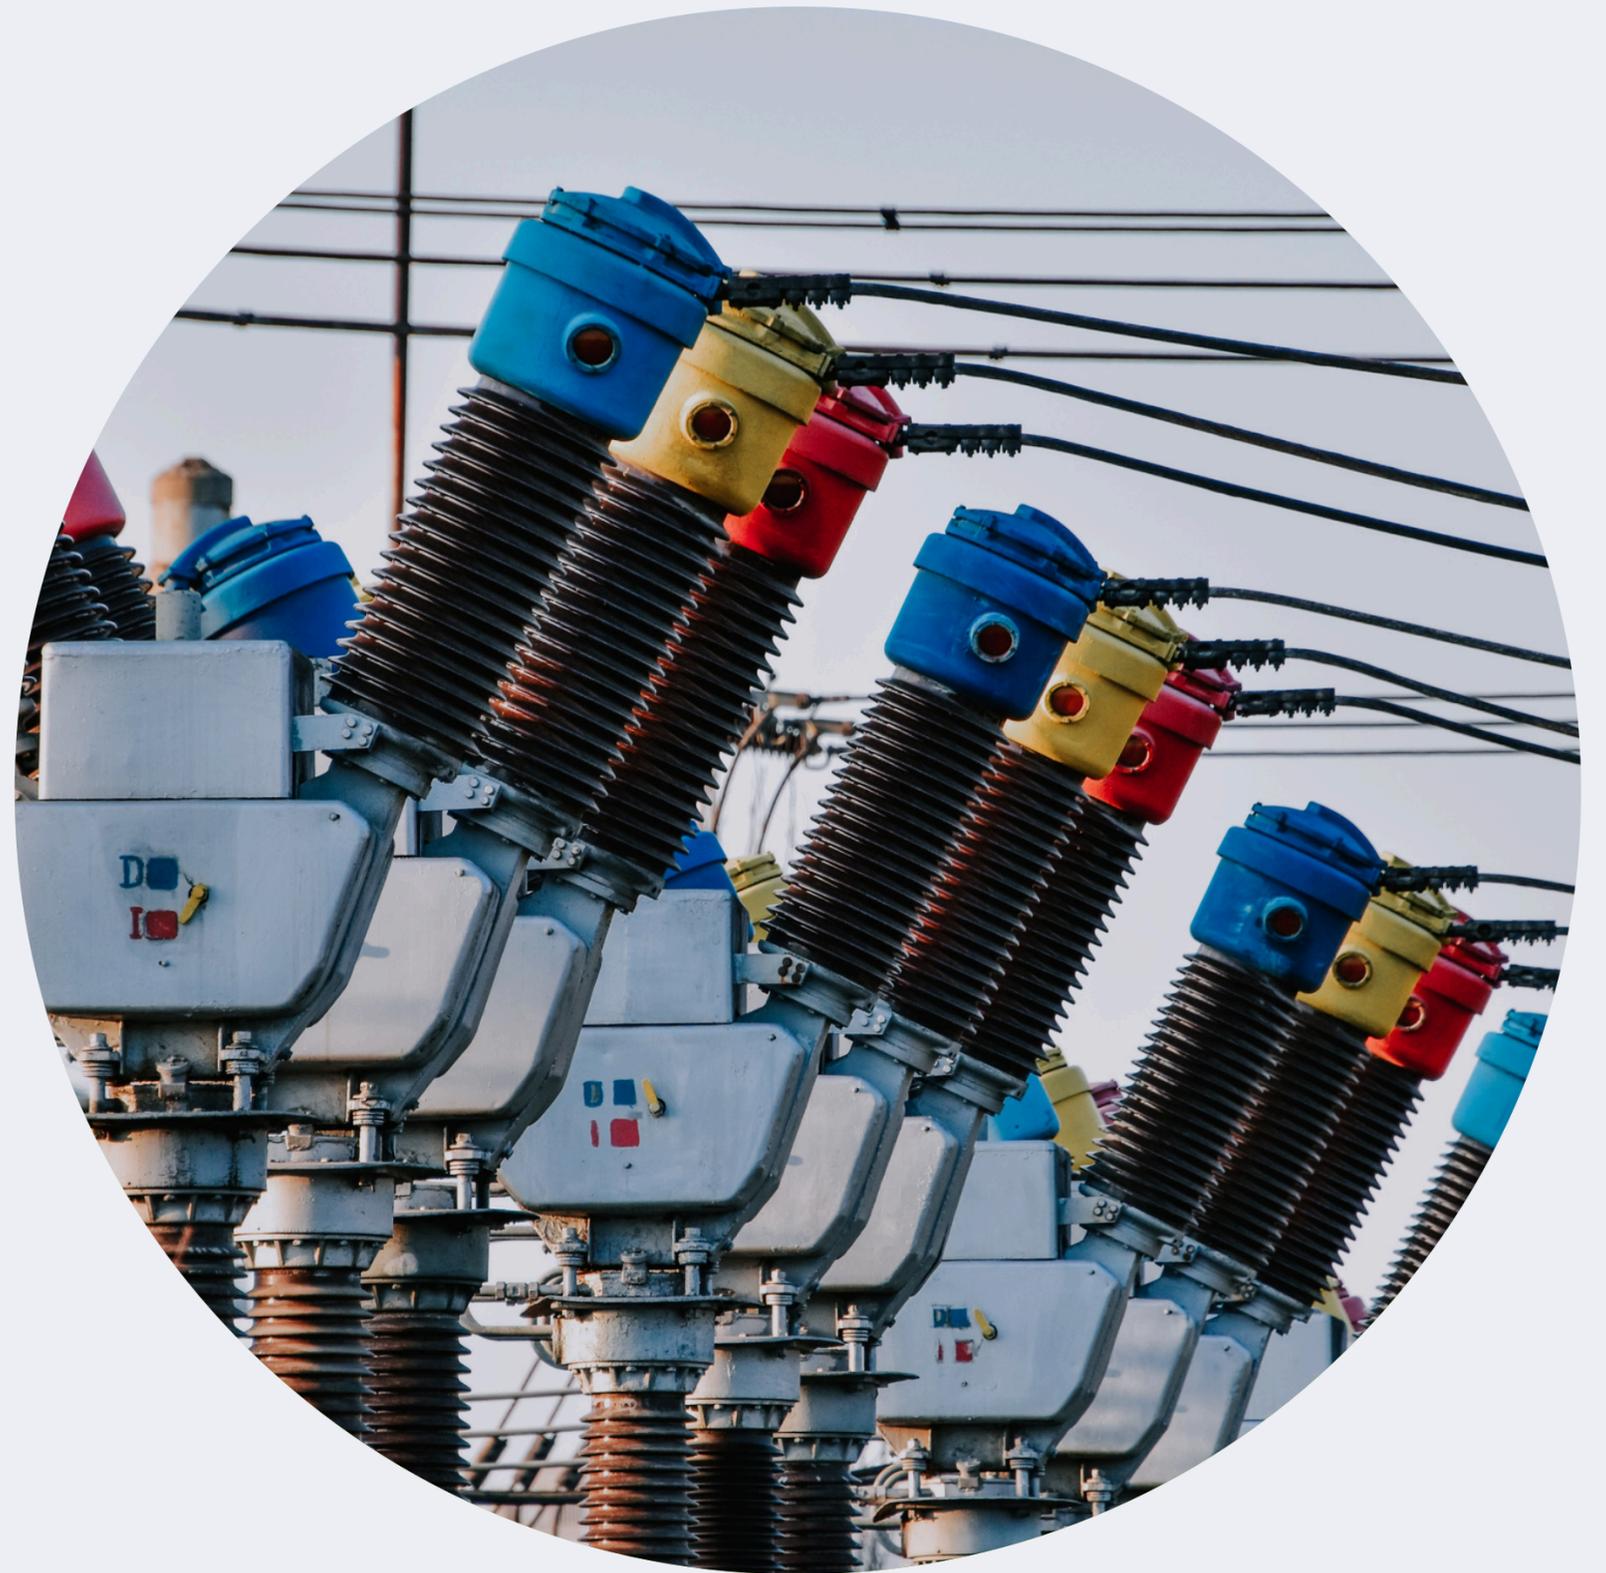

POWER & AUTOMATION SERVICES

Power and Automation department deliver effective, tailored solutions for clients across the power generation, transmission, distribution and other industrial related applications for integrated control and protection systems.

Our involvement is from the feasibility stage and concept design to detailed design and project delivery. We work with clients to determine the development path, undertake detailed designs and produce equipment specifications, deliver, configure and commission. Our staff has expertise in standard load flow and fault analysis techniques and has access to powerful software tools such as ETAP.

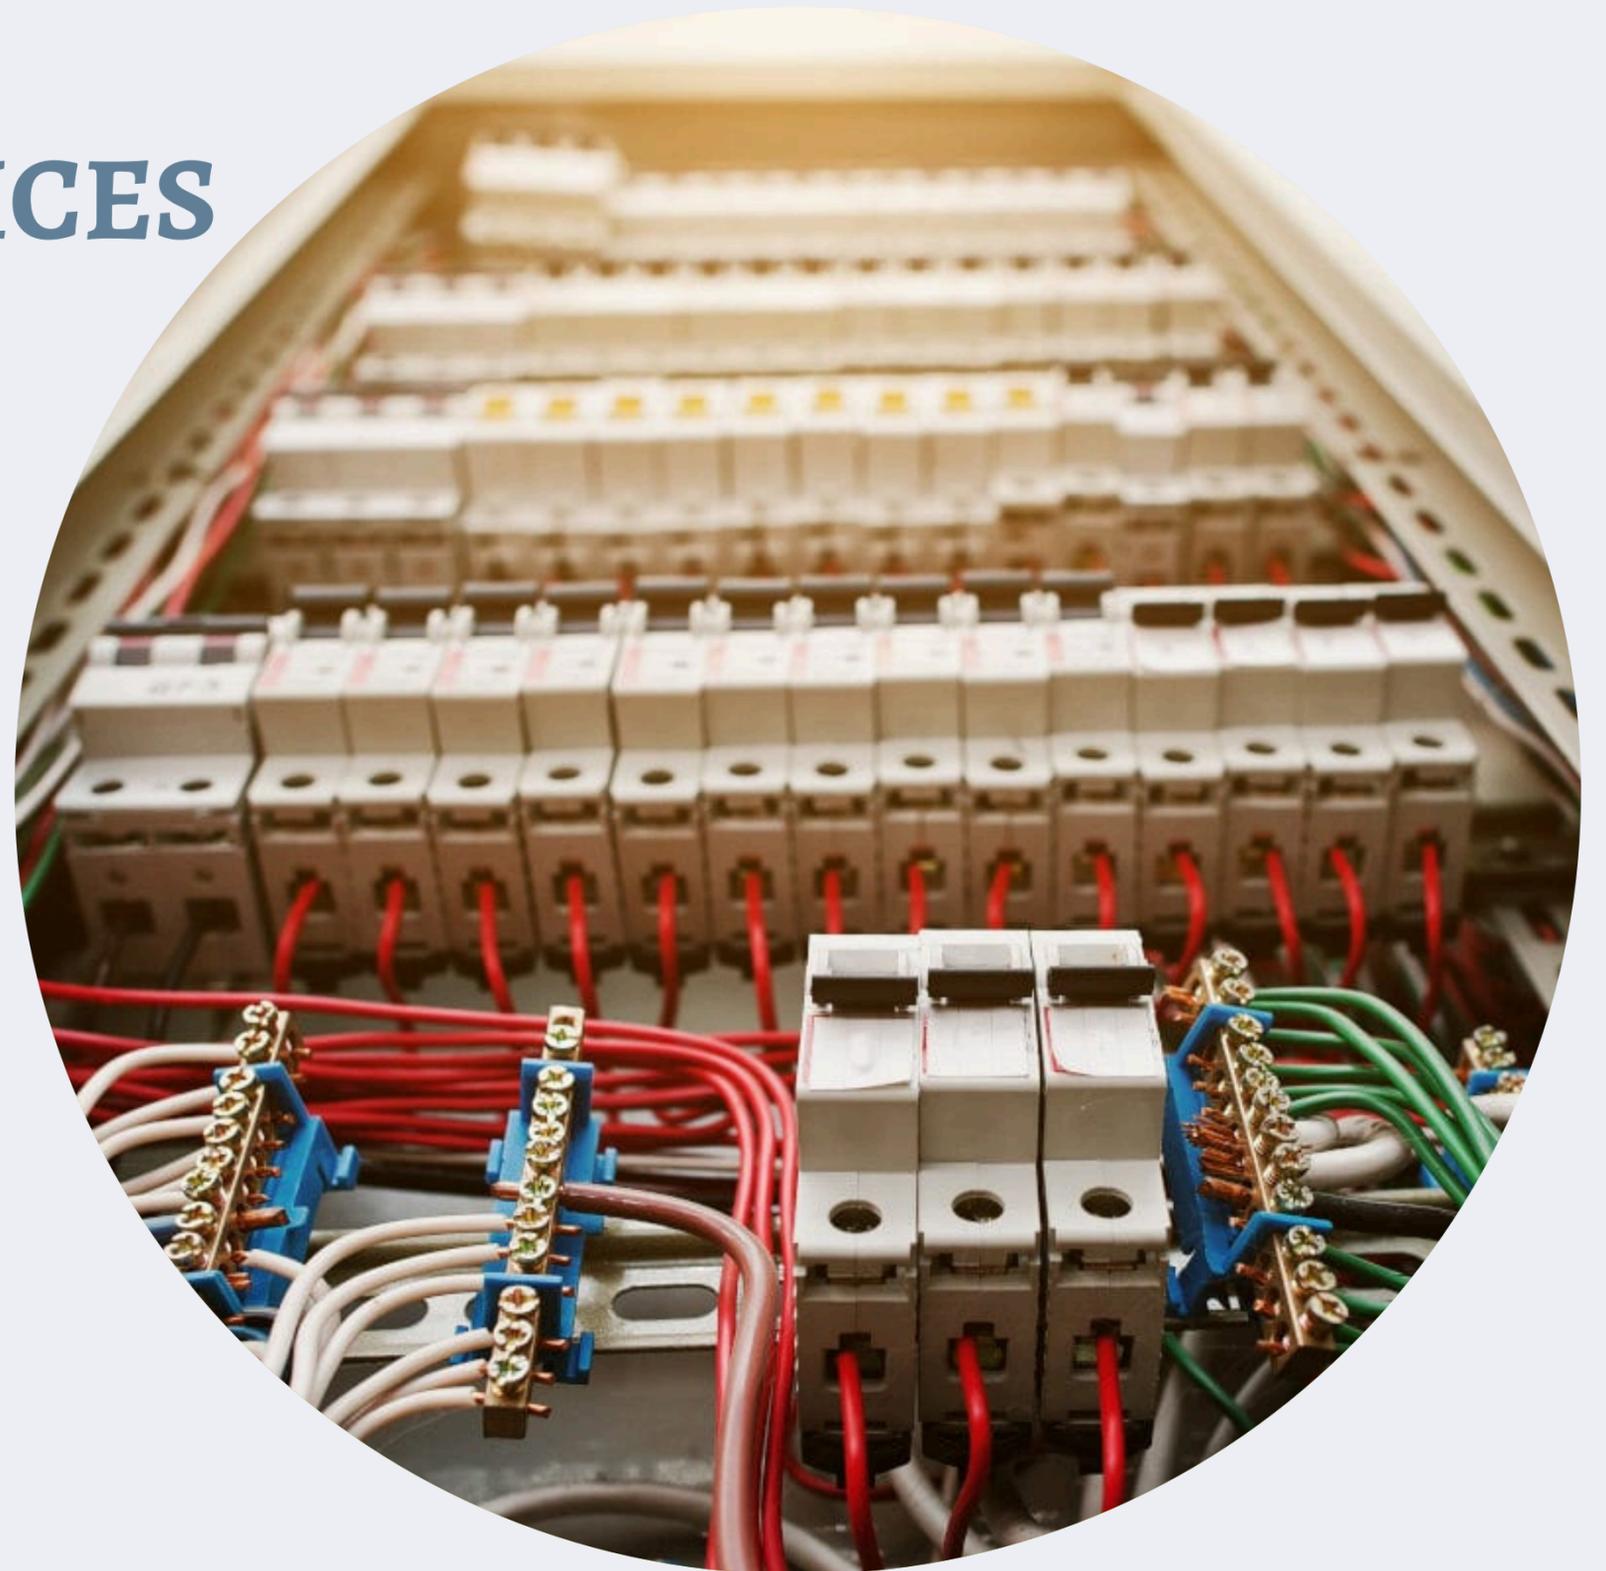

We provide complete services solutions, Installation & Erection, PM & CM and Testing and Commissioning in Power, Automation and Control.

ELECTRICAL & INSTRUMENTATION SERVICES

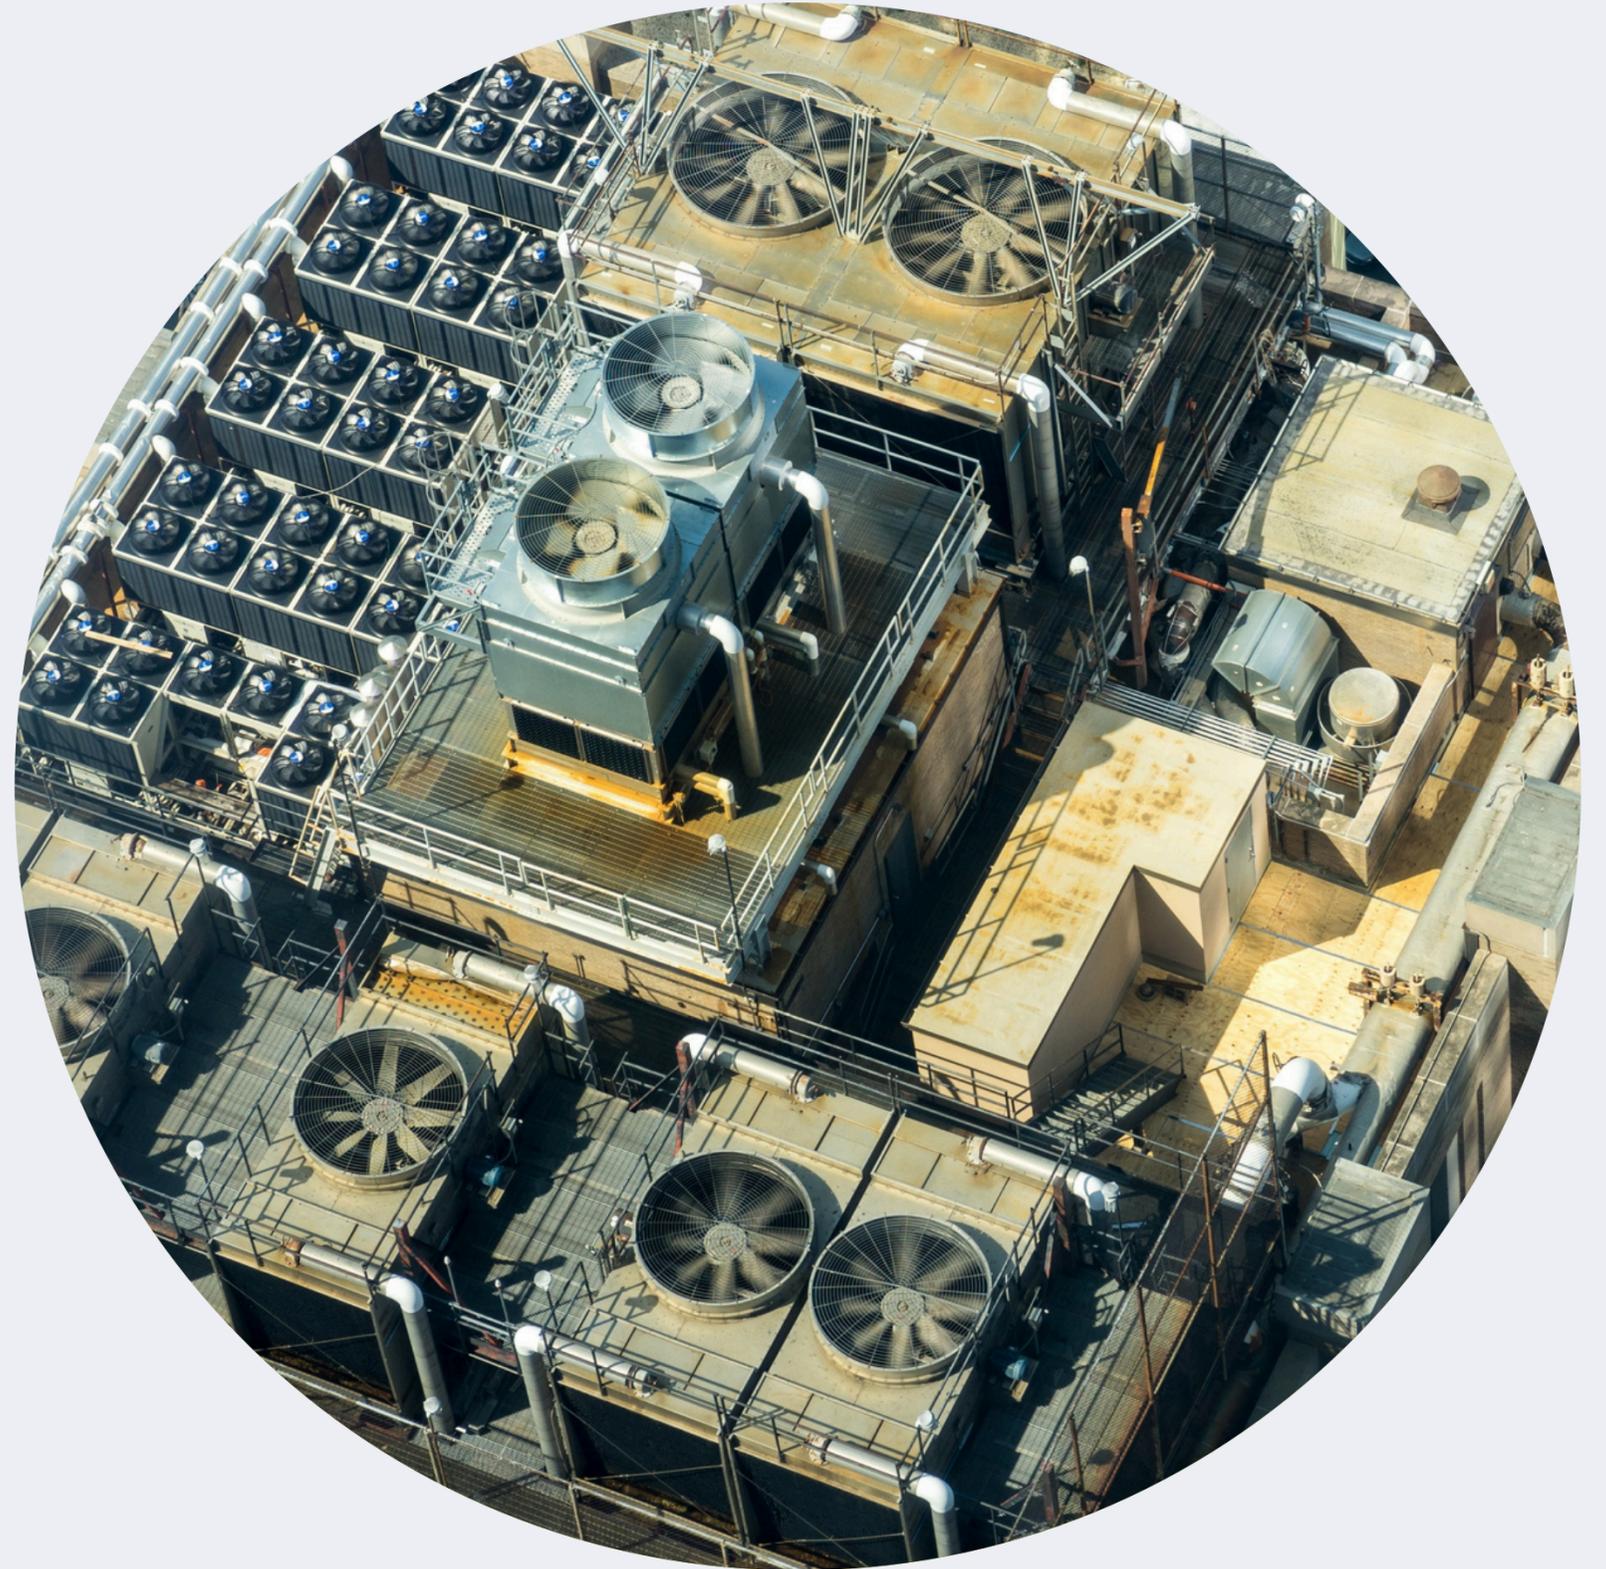

SHAD Global delivers extensive portfolio of onshore and offshore Electrical and Instrumentation services of the process control industry.

As a trusted services partner, we work with you to evaluate your risk, analyze your exposure, and find the right solution for you. Our Competent & Reliable Electrical & Instrumentation Experts with state of the art Equipment portfolio & complementary network of industry leading partners enable us to offer the turn around instrument maintenance & troubleshooting, electrical & instrument solution integration and electrical & instrumentation resource rental services.

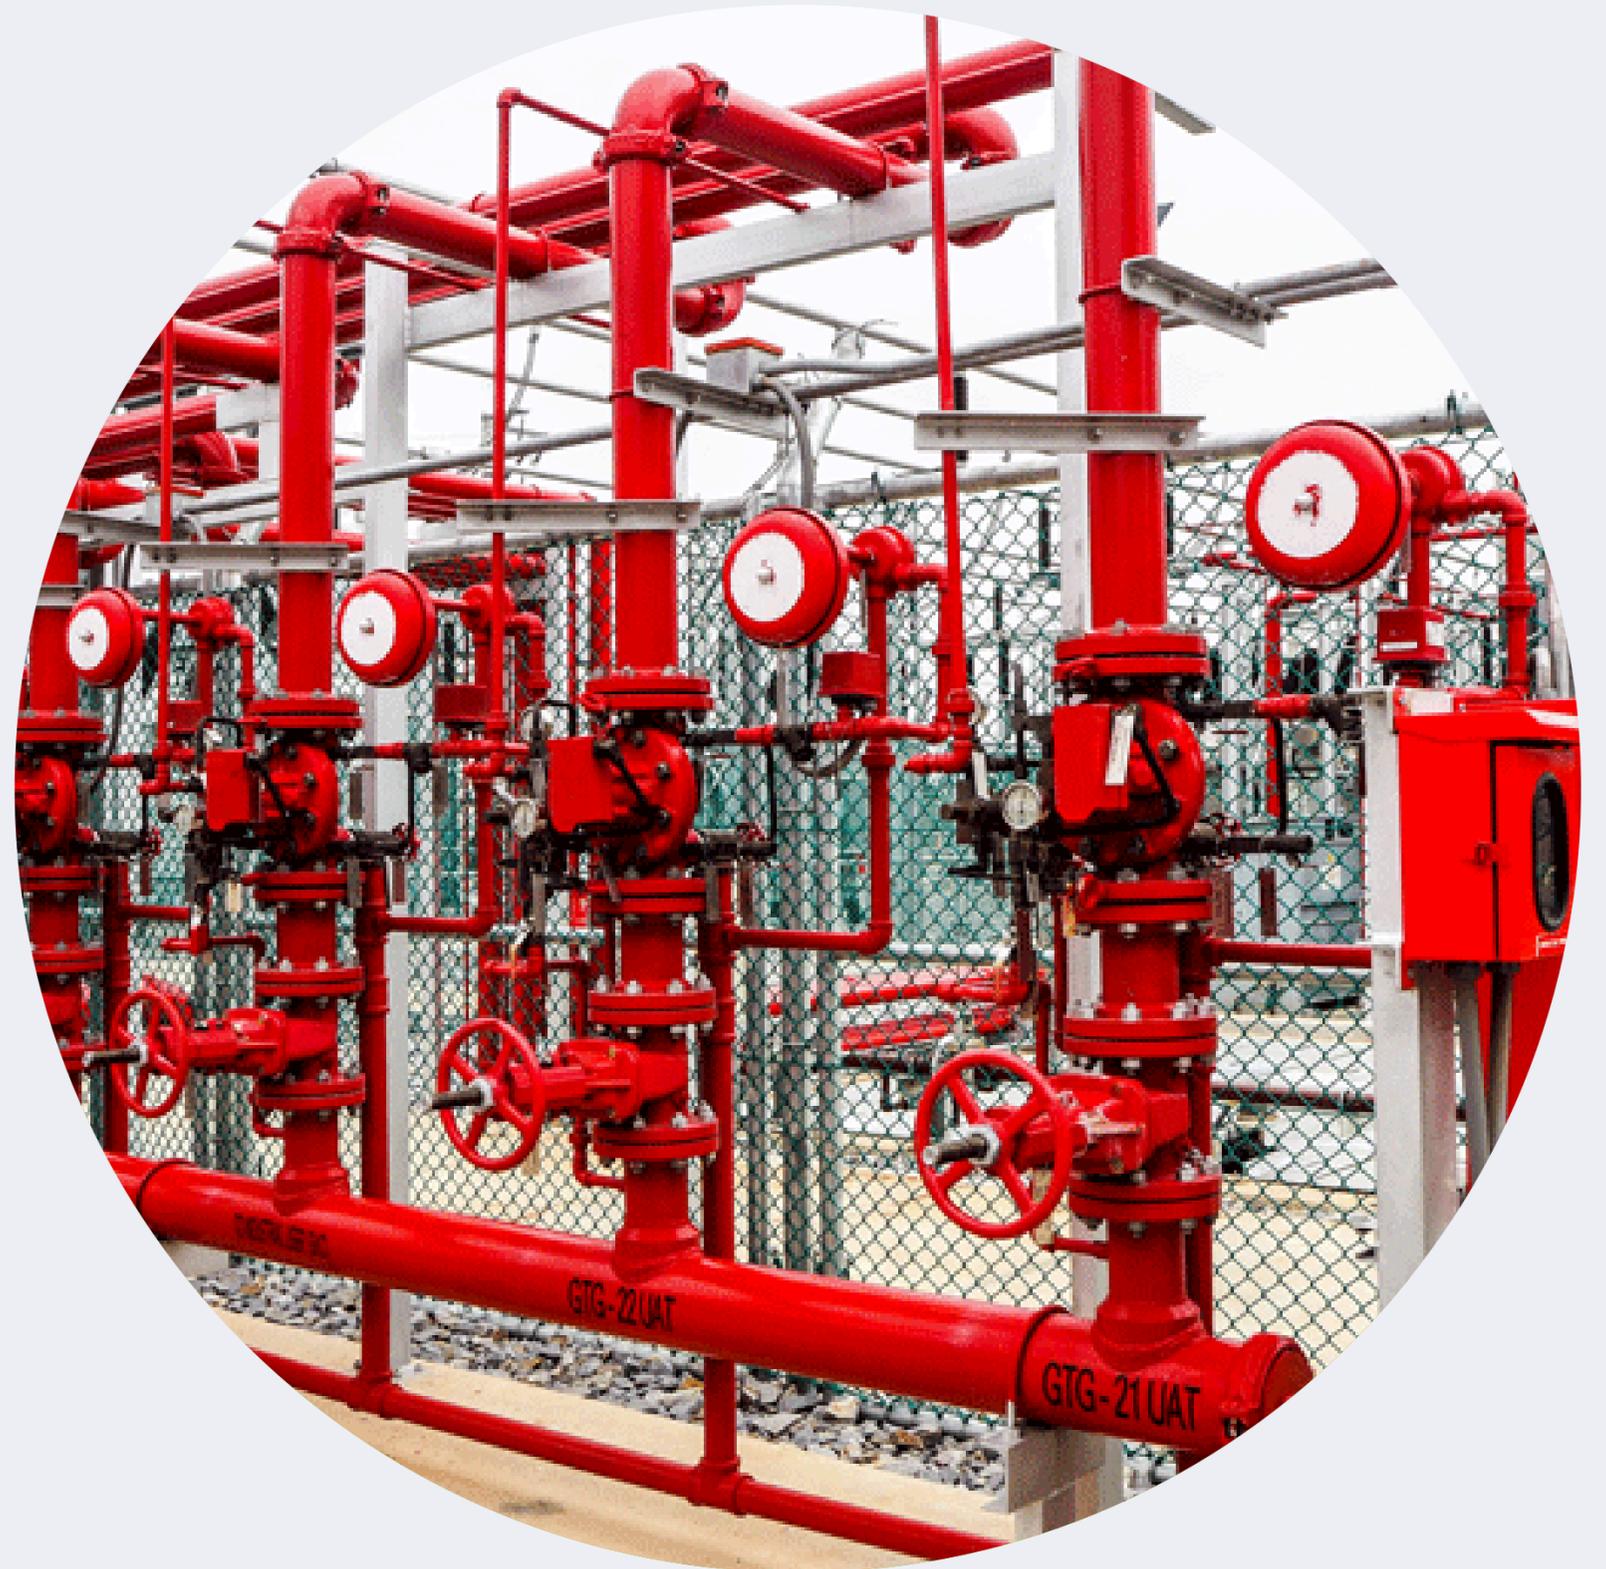

HVAC SYSTEM SERVICES
